Beyond Pizzagate: Elite Pedophilia, Sex Trafficking Rings and MSM Denial

By fiercetruth4u

(Warning! This article contains research into some very disturbing subject matter of a perversely sexual nature accompanied by some graphic imagery that should not be read or viewed by anyone under the age of 18 years-old or anyone, who has been the victim of trauma-based mind control. Parental advisory is strongly encouraged here. Again, should you be under 18 or faint of heart and / or mind, I would ask that you not read the following article. Should you decide to proceed regardless, understand that *you* have been warned.)

A lot has occurred in the more than month and a half since I last posted an article on the *Para-Political Journal*, not the least of which the rather surprising win of president elect, Donald Trump, over establishment arch-criminal, Hillary Clinton. While I'm not necessarily as hopeful as all the pro-Trump voters out there that he will be the political panacea to America's ills that he claims he will be, I was absolutely certain that Hillary Clinton would have been an unmitigated disaster for this country on practically every conceivable level, especially when you consider her extremely corrupt past that I've documented in part (<https://parapoliticaljournal.com/2015/10/19/the-crimes-corruption-and-cold-blooded-murders-of-the-clintons/>) as well as her very hawkish position regarding Vladimir Putin's Russia. So, while I'm not a supporter of the GOP, at least with Donald Trump in the White House we could have very well staved off a WWIII against Russia ironically enough.

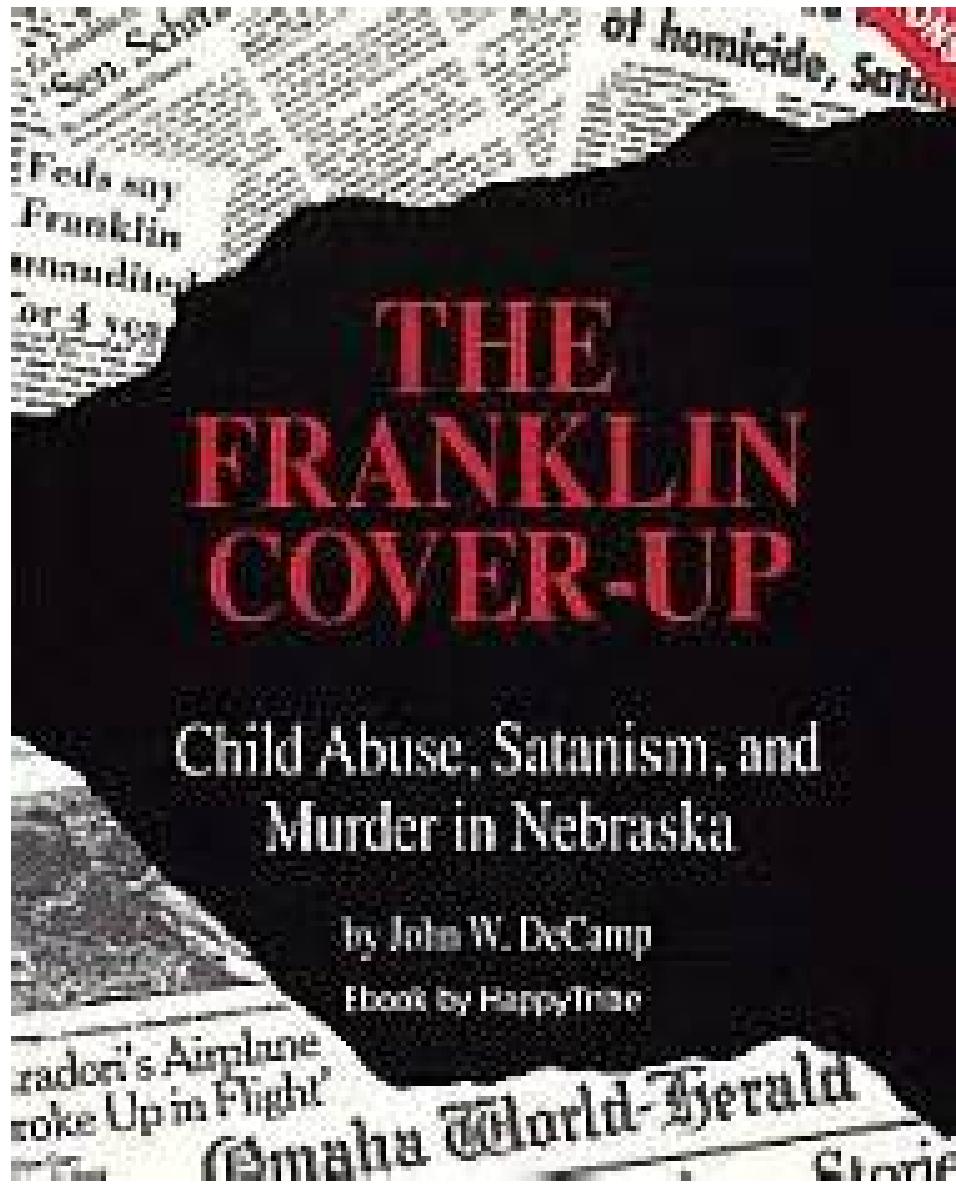

Beyond that, however, I believe that the Clinton's (both Bill and Hillary) are connected through their various close personal friends and associates to what I would describe as an occult international elite pedophile ring in Washington D.C. In fact, there have been many pedophile networks over the years that have operated under "official" legal impunity for decades now, becoming more sophisticated and technologically savvy through their sex trafficking of young boys and girls around the world. However, thanks to the courageous and painstaking work of some on-line researchers that first started to break through Reddit, we now know a lot more about a elite pedophile network headquartered in Washington D.C. that has become known as the "Pizzagate Scandal".

(<https://steemit.com/personsofinterest/@ausbitbank/persons-of-interest-james-achilles-alefantis-aka-jimmycomet-at-comet-ping-pong>)

Before we delve into "Pizzagate" that is being viciously attacked by the MSM media as "fake news", let's take a look at some of the more famous sex-trafficking pedophile networks in recent US history and perhaps learn why it is that these kinds of stories get so suppressed by the mainstream media in the first place. The first pedophile network in recent memory that barely registered in the MSM was the "Franklin Scandal" first documented by Senator John DeCamp and later Nick Bryant in their respective books (<http://franklinscandal.com>). Briefly, what Sen. DeCamp discovered during the course of his research was that within the upper echelon ranks of Omaha and Lincoln, Nebraska were a group of sick pedophiles, who used children from the renown orphanage there called Boys Town to satisfy their twisted sexual perversions. A fast rising member of the GOP establishment and owner of a local S&L in Nebraska called Franklin Community Federal Credit Union that later went bankrupt, Lawrence King, was one of the main pedophiles in this particular network as was the senior editor of the largest newspaper in the area, which would certainly help explain why it wasn't investigated by the local media. Eventually, however, through subsequent trials it did start to slowly leak out and, besides DeCamp himself, a British film crew decided to do a documentary about the Franklin Scandal and were commissioned by the Discovery Channel, which was to air the documentary on prime-time television in May 1994. Unfortunately, the documentary not only never aired but was actually destroyed and thrown in the trash can after powerful Congressmen applied pressure that it be pulled. Later, the film was fished

out of the trash, and most of it has been spliced back together through the work of a heroic individual, who thankfully saved it (literally) from the dustbin of history. You can now [watch the documentary called "Conspiracy of Silence"](#) on YouTube for free (<https://www.youtube.com/watch?v=AY-F5JoHoho>), and I recommend that you do so if you have not seen it already.

Around the same time that the Franklin Scandal and cover-up was going on in the early 1980s, sex trafficking and prostitution of young boys and girls was going on in massive proportions in Houston, TX. The Houston Police Department were well aware of the problem but due to either apathy or departmental pedophilia corruption within their own ranks nothing was really done about it. A virtually unknown [documentary called "Boys for Sale"](#) that was released on Austin Public Access TV back in 1981 (<https://www.youtube.com/watch?v=XWY8T3ujxNw>) has surfaced on-line specifically addressing the sex slavery and child prostitution problem in Texas, which I highly recommend you watch. The tepid response to child sex trafficking is even a problem within the FBI itself, since they are the agency primarily tasked with investigating inter-state sex trafficking whereas Interpol is tasked with tracking it internationally. And finally, as if that weren't enough, let's not forget how the FBI, Tallahassee Police Department, and media completely buried the scandalous story of the "Finder's Cult". According to documented police records, two adults and six disheveled children were taken into custody by the Tallahassee, Florida law enforcement officers back in 1987, where they eventually discovered to their

utter shock the remnants of a sophisticated child sex trafficking ring with nude pictures of children and contact info. on unsecured computers. After a write-up about the “Finder’s Cult” that was peddling children for traumatic sexual abuse to high-profile clients around the world (<http://educate-yourself.org/cn/ciadrugsabusemurder.shtml>) in the *Washington Post*, nothing more was said or heard about the group again except for one follow up in *US News and World Report*. Why? Alternative investigators such as Norio Hayakawa and Peter Lavenda have discussed the mysterious “Finder’s Cult” case, but that’s about it.

At the end of the aforementioned documentary “Conspiracy of Silence” (which itself was silenced by cable television), there is shot of the Washington D.C. capitol dome with background narration saying that the Franklin Scandal doesn’t stop at Nebraska but rather involves an elite pedophile ring with tentacles that reach all the way to some of the most powerful people in Washington. *This is the real reason I believe the documentary was so suppressed and why the latest Pizzagate Scandal is so important in unraveling this dark and occult web within the inner circle of powerful Washington insiders, who are trafficking in child sex slaves and abusing them in various satanic rituals such as what’s called “Spirit Cooking”*. That weird term is as good as any a entry point into this terrifying and twisted pedophile labyrinth. So, let’s start there. Recently, Wiki-Leaks released what is known as the [Podesta e-mails](https://wikileaks.org/podesta-emails/) (<https://wikileaks.org/podesta-emails/>) several months ago in a massive dump that they acquired, and it would shine one of the only lights available to the uninitiated into the dark corridors of power and (it would seem) elite pedophilia as well. In one of the emails (<https://wikileaks.org/podesta-emails/emailid/15893>), Marina Abramovic asks:

“Dear Tony, I am so looking forward to the Spirit Cooking dinner at my place. Do you think you will be able to let me know if your brother is joining? All my love, Marina”

The Tony in question is Tony Podesta, who is the brother of John Podesta. So, just to give a little perspective about this particular email, here we have a known satanic occultist and performance artist (who poses with dead goat heads and performs Crowleyian blood and sex-magic rituals in her home) asking one of the most powerful and wealthy Washington D.C. lobbyists that she’s looking forward to a “spirit cooking dinner” and inquiring whether his brother John Podesta is going to come as well. Of course, John Podesta is well known in Washington (https://en.wikipedia.org/wiki/John_Podesta). He was the former Chief-of-Staff under Bill Clinton and a close political advisor/councilor to Barrack Obama as well as the chairman of Hillary Clinton’s 2016 campaign for president. But I digress. Returning to the email, just what does a “spirit cooking dinner” involve? According to a Wiki-pedia entry on the “Cake of Light” (https://en.wikipedia.org/wiki/Cake_of_Light) (a kind of Thelema magic Eucharist described by Aleister Crowley), it involves making a wafer with oil, honey, blood, and sperm. This is presumably done in a Gnostic Mass ritual fashion with black magic style invocations and prayers to whatever spirits and/or demons you wish to summon prior to eating the wafers. Gee, that sounds swell. Can I come? I suppose the question asked would be- “Can you cum...on my wafer?” I’m not mocking people investigating this decidedly disgusting ritual, but you really have to laugh at some of this sick shit to keep from throwing up quite frankly.

Marina Abramovic is quite popular among some of the more deranged Washington, LA, and New York art world set and sycophant celebrity crowd like Lady Gaga unsurprisingly. You can even view her describing aspects of her rituals by painting instructions in what I'm assuming is pig's blood on the wall (<https://www.youtube.com/watch?v=g9ys-Lfu4Sc>) of one of her so-called art performances. One caption reads- “With a sharp knife cut deeply into the middle finger of your left hand. Eat the pain.” Interesting enough, in one particular photo of John Podesta...he's got a band-aid on his middle finger (<https://vultureofcritique.wordpress.com/2016/11/07/podestas-hand-comet-ping-pong-pizza/>). I guess he was able to attend that “spirit cooking dinner” after all. His brother, Tony Podesta, is considered one of the world’s premiere patrons of the arts, but his tastes in art can be described as favoring work that (by any reasonable calculus) would be considered “torturous”, “dissociative”, and “pedophilic” in nature. So, for instance, he has a huge golden metallic statue suspended from the ceiling of one of his mansions of a headless man arching backwards in a pose eerily reminiscent of one of the victims of serial cannibalistic killer, Jeffrey Dahmer. Other paintings he has hanging prominently on his

bedroom wall are of nude children and some are clearly held in bondage. "Ah", as the media would proclaim- "He's just got *unusual* and *eccentric* artistic tastes, that's all." Surely, it doesn't reveal a single thing about the inner psyche of the man, right? Or, does it?

One of the more curious blank spots in the dates of the Podesta WikiLeaks emails might provide the biggest clue about the perverted pederast tastes of both Tony and John Podesta. The blank spot in question was during a time period when the two brothers were thought to be in Portugal. It was during this time that a little girl by the name of Madeleine McCann went missing and a feverish search for the girl ensued by the police that was subsequently splashed all over the media there. In one of the known police sketches of the two wanted suspects in the case of the kidnapped girl, the forensic sketches are an absolute dead give away of both John and his brother Tony Podesta (<http://livingresistance.com/2016/11/18/podestas-involved-mccanns-abduction-factual-analysis/>) right down to a mole above Tony's eyebrow and an indentation on the bridge of the nose that John has from wearing glasses. Apparently, Portugal is a hot spot for pedophiles around the world, since the age of consent in Portugal is only 14. UK's Scotland Yard investigated the kidnapping case and said that they know who abducted Madeleine but can't say (<https://www.youtube.com/watch?v=z8c3f26M8-Q>). Gee, I wonder why?

In another to John Podesta [email from Herb Sandler](https://wikileaks.org/podesta-emails/emailid/30613), it reads (<https://wikileaks.org/podesta-emails/emailid/30613>):

"Mary and John,

I think you should give notice when changing strategies which have been long in place. I immediately realized something was different by the shape of the box and I contemplated who would be sending me something in the square shaped box.

Lo and behold, instead of pasta and wonderful sauces, it was a lovely, tempting assortment of cheeses, Yummy. I am awaiting the return of my children and grandchildren from their holiday travels so that we can demolish them. Thank you so much. I hope you and your gang are well. I miss you both.

Best wishes fro a merry Christmas and Happy New Year. Herb

P.S- Do you think I'll do better playing dominos on cheese than on pasta?"

Two things immediately stand out in this email that signify there's a secretive code being used. The first, if a figure of speech, makes no sense. He writes that he's awaiting the "return of my children and grandchildren from their holiday travels so that we can demolish them". Demolish? In what way? Of course, if written by a pedophile, it could signify any number of sexually abusive tortures and/or murder. The last curiosity is in the post-script when he asks- "Do you think I'll do better playing dominos on cheese than on pasta?" This makes no literal sense whatsoever and therefore (unless he's merely speaking gibberish) must be a specific code for something else (<https://voat.co/v/pizzagate/1438485>). The pedophilic code "playing dominos" probably means

something to the effect of “the game (playing) of sado-masochistic domination (domino)” whereas “cheese” is code for “little girl” and pasta is code for “little boy” in pedo-speak. In popular urban slang, playing dominoes is also called “throwing bones”, and this (of course) very close to slang for having sex as in “boning”. Might this also put an entirely different, though revealing spin, on the major delivery chain...Dominoes Pizza? After all, the logo has the face of a domino with two dots (female=2 holes) and then one dot (male=1 hole). The hooker in the obviously coded Kubrick film, (<https://parapoliticaljournal.com/2014/03/06/stanley-kubricks-genius-eyes-wide-shut-and-his-artistic-legacy-15-years-after-his-death/>) Eyes Wide Shut (<https://parapoliticaljournal.com/2014/03/06/stanley-kubricks-genius-eyes-wide-shut-and-his-artistic-legacy-15-years-after-his-death/>), was named “Domino”, which might be a clue as well as to what “Domino” is code for. John and Tony Podesta are, of course, close friends with the focus on the lead establishment in this particular pedophile ring, Comet Ping Pong and its owner James Achilles Alefantis.

The major research that Reddit posters are focused on in the Pizzagate Scandal is the pizzeria, Comet Ping Pong, and the strangely telling pictures posted by its owner, James Alefantis, to his personal Instagram account prior to it being switched to “Private”. Unfortunately, the primary Reddit Forum was shut down by the CEO of Reddit (<http://www.news.com.au/technology/online/social/reddit-shuts-down-forum-investigating-crazy-clinton-sex-ring-conspiracy/news-story/a9ed5d31bb13ad73557f5532479c3fc9>) in a move that forced the forum to seek refuge elsewhere on the web, which they have done at Voat.com. Fortunately, many of the pictures and comments made by James Alefantis on his Instagram were cached (<https://sli.mg/a/gaffhM>) and saved to multiple places on the web despite the virulent smear campaign of the MSM regarding Pizzagate by going after Twitter, Reddit, Facebook, and YouTube accounts. In one picture, for instance, he has taped the hands of a little

girl down on a table. Another picture that he posted is of a man at a gay nightclub wearing a tee-shirt that reads- "J'adore l'enfants" (a French sentence proclaiming "I love children"). He has also commissioned the artwork of people like Kim Noble, whose art clearly depicts various obvious acts of pedophilia taking place and is likely a victim herself suffering from dissociative identity disorder. So, while Alefantis vehemently denies any wrongdoing, much like Tony Podesta (whom I spoke about earlier)...his tastes in art and various pics from his Instagram account are decidedly pedophilic in nature.

Even the bands that have played at Comet Ping Pong have made mention of it (https://www.youtube.com/watch?v=vlhBn_zSIro) in their live appearances. And, as I've discussed, there is coded language being used and embedded within the iconography of the restaurant itself. So, for instance, the Ping Pong logo as seen on his menus has a double and perhaps even triple meaning. On the surface or literal level, you see the cross paddles and think of the game of "Ping Pong". However, on a pedo-speak level, it symbolizes S&M paddles used by a dominatrix on the submissive, in this case children. And, on a deeper meta or twilight language level, the cross paddles resemble the butterfly that is symbolic of Monarch mind-control programming to create mind-controlled sex slaves. Again, it's quite subtle, but that doesn't mean that it's not there. One merely needs to be "symbol literate" to be able to read it correctly. Even if you can't see that one, you're given plenty more opportunities within not only Comet Pizza but another pizzeria next door in the same neighborhood called Bestas, which means "beast" in Portuguese.

(U) BLogo aka "Boy Lover"

(U) LBLogo aka "Little Boy Lover"

(U) GLogo a.k.a. "Girl Lover," Childlove

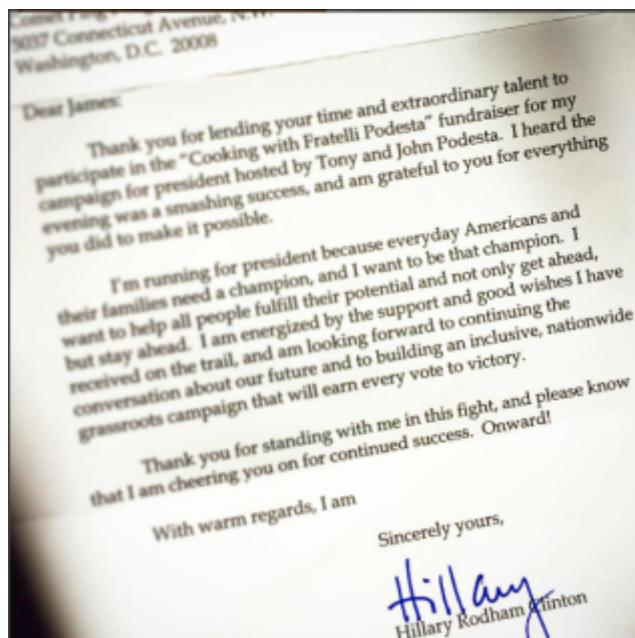

(U) CLogo a.k.a. "Child Lover"

If you look carefully at the logo, you'll see that it's not only a flying pizza but a triangle within a larger triangle. According to an official document of the FBI

(https://wikileaks.org/wiki/FBI_pedophile_symbols) also released by Wiki-Leaks, this symbol of a spiraling triangle within a triangle is pedo-code for man/boy love. The FBI, in investigating very secretive pedophile rings on-line and elsewhere, learned about these particular symbols along with various cyphers, meta-language, and codes as they must in order to track, indict, and convict pedophiles as they did when they were able to seize their server and finally hack their tight security protocol in order to learn the I.P. addresses of pedophiles and child sex traffickers using the cover of the Dark Web (<https://www.engadget.com/2016/01/07/fbi-hacked-the-dark-web-to-bust-1-500-pedophiles/>) to hide their activities. Unfortunately, people like James Alefantis, whose parent company Big Cheese LLC owns Comet Ping Pong and Buck's Fishing and Camping, is listed as the 49th most powerful person in Washington D.C. by *GQ Magazine*, and the FBI isn't seriously investigating this elite pedophile ring that appears to involve various proprietors of businesses within a ten block radius of the same street and high profile politicos like the Podesta brothers, the Clinton's (as we've already seen with Bill Clinton's close personal known child sex trafficker and pedophile Jeffrey Epstein), and even Barrack Obama, who was mentioned in one of the Strator leaked emails of 2009 (https://wikileaks.org/gifiles/docs/12/1223066_re-get-ready-for-chicago-hot-dog-friday-.html#) as "ordering \$65,000 worth of pizza and hot dogs from Chicago". Again, this makes absolutely no sense if read literally, especially when you consider the price tag and the fact that the White House won't allow food deliveries for security reasons. The White House makes everything in house as they easily can do. If read in pedo-speak, it makes perfect sense if Pizza=Girl and Hot Dog=Boy.

This country's supposed watchdogs, the MSM, are in such a state of ignorance, suppression, and denial as to be essentially "worthless" as the 4th estate, unless they start doing their job and expose these pederasts for who and what they truly are. And, local police, sheriffs departments, FBI, and the state and federal judiciary had better start investigating and prosecuting these sick vultures and abusers of children instead of leaving all this to the efforts on-line researchers and the community of hackers like Anonymous (<https://www.youtube.com/watch?v=WDeTfOO3GW0>) and myself in order for real justice to prevail. Otherwise, we're essentially becoming (if we're not already) a "Pedophocracy". Stand up, speak out, and fight back for the innocent victims of child sex abuse!
